

***Calling all ADMers past, present
and future.....***

***Your 2010-2011 Planning Council is
making every effort between now
and July, 2011 to spread the word both
near and far about ADM's 50th
Anniversary Conference and Celebration
which will be held in Ft. Worth, TX at
University Christian Church and Texas
Christian University.***

As some of you may or may not know, during 2009-2010, the ADM Newsletter was distributed electronically to those ADMers for which we had a viable email address. The purpose of this mailing is three-fold: to make sure that all of you on the current mailing list are made aware of the 2011 Conference, to encourage you to give serious consideration to make plans right now to be in Ft. Worth next July, and to solicit an email address from each of you.

Your Newsletter editor, Brad Burnham, hopes that he will hear from all of you via email (or by snail-mail if that's the only way), so he can update his contact list. We want all of you to receive the mailings during the next nine months as plans are finalized for our 50th.
